I do not have 8-hr or medical monitoring but would be willing to do so. They almost gave me it for Katrina but decided it was not needed when I deployed.

Nonresponsive Discussion of Personal Matters I am willing to be deployed as long as I am needed.

David –

Do you have 8-hr H&S Refresher and do you participate in the medical monitoring program? It's okay if you don't; we just need know where we can place you. Send me your cfone or other contact information. Also, how long could you stay deployed (8 days, 2 weeks)?

Importance: High

Ben Harrison, my supervisor has given me approval for this deployment. I would like to help out in any way needed.

As for experience I was deployed for community relations support in response to hurricanes Jeanne and Frances in Florida, and hurricane Katrina in Louisiana.

I was also the legal ORC point of contact and advisor when deployed for Katrina, and also throughout the Katrina response activities upon returning to Dallas.

Please get approval from your supervisor that your workload would permit deployment if you are interested.

Thank you for your consideration,

Patricia

Subject: RSC Request for Deployment - URGENT; Gold King Mine Spill

The REOC has been activated for the Gold King Mine Spill. This is an immediate activation of the R6 RSC.

The Region is requesting 30 EPA staff be immediately deployed to the Farmington NM area as community relations support. Deployment is for potentially a week (min 5 days deployment).

Preference is for a min of 24-hour HAZWOPER, and medical monitoring.

Please have staff, that have supervisor approval to deploy, email Michael Torres and cc Mikeal Adams and Susan Webster.

Thank you for you help! Susan
